Maintenance

All of the fittings, locks, rivets, and other hardware and plastic parts on the playard should be inspected periodically to insure that they are secured properly and not damaged or malfunctioning. The straps and fabric items and their stitching should also be inspected periodically to ensure that they are secured properly and not loose, torn or otherwise damaged. All moving parts and hinges should also be checked periodically to ensure they are operating properly.

If using this item at the beach you must clean sand off of ALL the parts before packing it into the travel bag. Getting sand in the top rail locks may damage the function.

Any missing, broken, or worn components should be replaced immediately, and the playard should not be used until they are replaced. Only original manufacturer's components should be used. If needed, please contact Love N Care on our toll-free phone number 1300 732 599.

Cleaning

The fabric material on this product can be cleaned using mild household soap or detergent and warm water on a sponge or clean cloth.

Always allow the fabric to completely air dry before using the product.

The frame should always be kept clean and free of dirt and foreign matter. Use a sponge or cloth dampened with warm water and a mild detergent cleaner to clean these parts if necessary.
