As you will soon learn there are many more great features about your new Love N Care product

Cradle Information

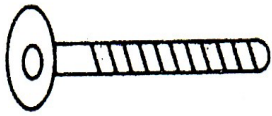

Recommended Mattress Size:

This cradle has been manufactured for use with a mattress which measures 460mm wide by 900mm long and 75mm in thickness. **CAUTION: RECOMMENDED MATTRESS SIZE. IT IS RECOMMENDED THAT THE MATTRESS USED IN THIS ROCKING CRADLE BE A SNUG FIT AND NOT EXCEED 75 MM IN THICKNESS.**

WARNING:

- Follow the manufacturer's assembly instructions in detail to ensure the safety features of the rocking cradle are not compromised;
- This cradle was designed for an infant having a **maximum weight of 9kg.**
- Remove any tools or excess parts including plastic packaging from the cradle vicinity after its assembly;
- Discontinue use of the rocking cradle before the infant can sit up by itself;
- Any padding and cushioning materials, including the mattress, to be sufficiently firm to preclude conforming to the contours of the infant's face;
- Ensure that the infants face is not positioned face down into the mattress;
- Ensure that proper ventilation is maintained in and around the cradle by limiting bed clothes, extra pillows or toys;
- Ensure the rocking cradle is placed at a reasonable distance from curtains, blinds, heaters and power points;
- Keep medication, string, elastic, small toys or small items such as money out of reach from any position in the rocking cradle;
- Be aware that ribbons or lace associated with bedding may entangle the infant.

Hardware Kit Contents

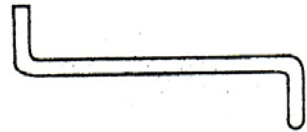

Bolt X12

Castor X4

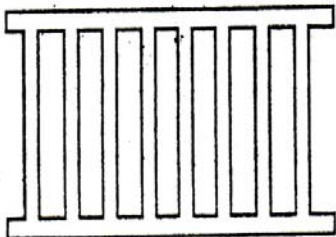

Allen Key X1

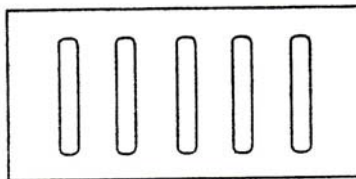

Rocking Bar X4

Cradle Components

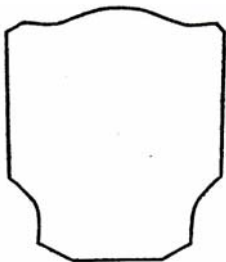

Side panel X2

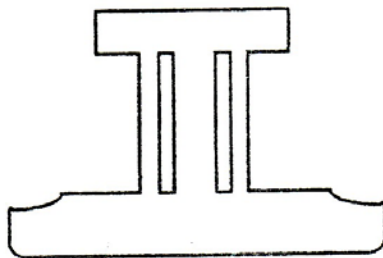

Base Panel X1

Cross Beam X1

Head Panel X2

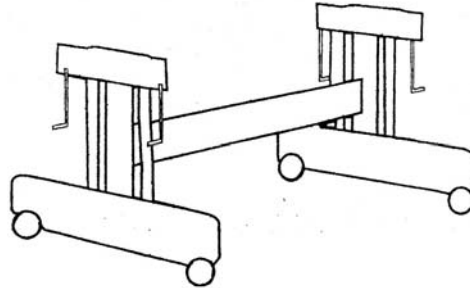

Leg Panel X2

Cradle Assembly Instructions

Stage 1 Base Section:

1. Attach cross beam to leg panels with the four connecting bolts.
2. Gently hammer the 4 castor sleeves into the holes provided at the bottom of the leg panels.
3. Push castors into castor sleeves.
4. Hammer the 4 rocking bars into the nylon sleeves provided in the leg panels.
(See picture on right)

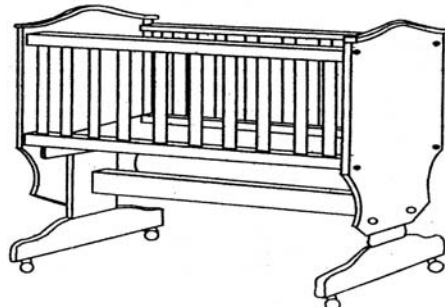

Stage 2 Cradle Section:

5. Attach the side panels to the head panels with 4 connecting bolts.
(Make sure the nylon socket heads on end panels are facing out, and that the grooved side of the side panel is facing inward-see picture on right)
6. Slide the 1 base panel into the grooves of the side panels.
7. Attach the front panel to the side panels with the 4 connecting bolts.

Stage 3 Finished Product:

8. Attach the cradle section to the base section by hammering the rocking bars into the nylon sleeves on the foot and head panels.(See picture on right)
