# Savannah Cot

**Read all instructions BEFORE assembly and USE of product. KEEP INSTRUCTIONS FOR FUTURE USE**

Congratulations on purchasing your new Savannah cot

In under an hour you should be able to assemble your new cot and it will be ready to meet your beautiful child :)

Safety guidelines and instructions must always be followed before making use of this product, please retain these instructions for future reference.

This product complies with product standard:

AS/NZS 2172:2013 Cots for household use - Safety Requirements

## **WARNING**

This cot has been designed for a child up to 25kg

### **Warnings**

#### **safety considerations for your child.**

- Follow the manufacturer's assembly instructions in detail to ensure the safety features of the cot are not compromised.
- ensure the cot is not placed too close to heaters, blinds, curtains, windows or power points.
- do not hang anything nearby where there is a potential danger of the item falling into the cot. Keep cot free of any toys, cushions etc that could be used as a foothold or present a danger of suffocation or strangulation.
- keep any medication, string, elastic, small toys or small items such as money out of reach from any position in the cot. It is advisable to keep all items out of your child's cot to prevent suffocation or strangulation.
- To prevent falls, the base of the cot should be adjusted to the lowest position before your child can sit up. To prevent falls or suffocation the maximum mattress thickness should not exceed 130mm.
- to ensure the safety of your cot, regularly check all the connecting bolts and glide pins making sure they are tight.

### **Recommended Mattress Size.**

- This cot has been manufactured for use with a mattress which measures 760mm (wide) x 1310 mm (long) x 130 mm (maximum thickness). The width and length are specified because it is IMPORTANT that the gaps between the mattress and the sides and ends of the cot do not exceed 40 mm. This is to minimise the risk of a child's limb becoming caught in the gap. The thickness of the mattress has been specified to ensure that the depth of the cot is greater than 500 mm with the mattress base in the lower position to minimise the risk of a child climbing or falling out of the cot.

# Hardware List

## Single Bed Parts (sold separately)

Please ensure you have all parts before proceeding to assembly

## WARNING

Small parts can present a choking hazard. Always keep small parts out of reach of children both during and after assembly. Store any spare or unused parts in a safe place.

## Step 1

### Attach corner posts to end panels

Attach the corner posts (B,C,D and E) to one of the end panels (A).

Note how the corner posts are facing.

Secure the end panel at each end with four (1) connector screws. Do not fully tighten the screws yet.

Repeat this step for the other end panel.

## Step 2

### Attach side panels to end panel

Attach the side panel (F) to the assembled ends. Secure the side panel at each end with four (1) connector screws.

Do not fully tighten the screws yet.

### Step 3 Attach side panels to end panel

**Figure 3**

Attach the side panel (F) to the assembled ends. Secure the side panel at each end with four (1) connector screws. Do not fully tighten the screws yet.

### Step 4 Attaching the Base

Secure the base to the assembled side panel and end panels at each end with the connector screws (6). Tighten with the allen key (6). Repeat for all 4 corners.

**Figure 4**

Please note that the base has 2 levels. The top level is to be used for newborns and the lower level is to be use when the toddler is able to sit up unassisted

## Step 5 Plugging unused holes

**Figure 5**

### **IMPORTANT SAFETY STEP**

Fit the (3) screws to the 4 remaining unused base locating holes on the side panels. (2 on each side)

This is a required safety step to prevent the entry of small fingers into these holes.

**Assembled Cot**

## Step 6 Single Bed Assembly (Sold separately)

Attach the corner (B,C,D and E) posts to the end panel (A).

Note how the corner posts are facing. This is the opposite of the way for the cot.

Secure each post using the (1) connector screws.

Tighten the screws firmly.

## Step 7 Attaching the side rails to Ends

Attach the side rails (I and H) to the assembled ends, using 8x(2) connector screws. Tighten firmly.

## Step 8 Attaching the Bed Rails

Attach the bed rails (J) to the assembled ends and side rails using 6x (6) connector screws.

Figure 8

## Step 9 Attaching the slats to the base

Plug the open holes with the (3) screws

Figure 10

Figure 9

Use the screws (5) to screw in the slats as shown.

**The assembled Junior Bed.**

## Care and Maintenance

All Vulu/love N Care products have one year warranty from the date of purchase. It is recommended to regularly inspect and maintain movement of locking devices and security of essential components.

Regularly check all parts for wear and tear.

Your furniture may be cleaned by wiping with a damp cloth and drying with a soft clean cloth.

Do not use abrasives, bleach, alcohol or ammonia-based household polishes.

Take care when handling or moving the furniture. Careless handling may cause damage.

Check the cot screws and locks to make sure they are all kept in good working order.

If any of the parts are missing or broken you should contact the manufacturer and discontinue using the cot until they are replaced.

## WARRANTY AGAINST DEFECTS

All Vulu/Love N Care products are guaranteed for twelve months from the date of purchase. Our goods come with guarantees that cannot be excluded under the Australian Consumer Law.

You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. you are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. This covers against faults which develop through faulty materials and workmanship.

Misuse, accidental damages, normal wear and tear or neglect are not covered.

If a fault becomes apparent, please return the item to the store of purchase with your receipt. You must inform the store what the defect is. We will then arrange for its repair or it will be assessed for replacement as expediently as possible.

The benefits of this warranty are in addition to other right and remedies under the law in relation to the goods or services to which this warranty relates.

If you are unable to return the item to the store of purchase, you can contact Love N Care on free call 1300 732 599.

Where you send the product directly to the manufacturer then you may be liable for the costs of transportation to and from Vulu/Love N Care. Love N Care will meet the reasonable expenses incurred by a consumer in making a warranty claim. You can claim expenses incurred in making a claim by contacting our customer service team on 1300 732 599 or by email at [info@lovenecare.com.au](mailto:info@lovenecare.com.au)
