

## CH B900

With its smooth lines, woodgrain finish, and modern metal legs, the Jakarta Cot blends functionality with a sense of calm. Inspired by the natural beauty of Indonesia, its organic elements bring warmth and versatility, making it easy to complement any nursery style. Thoughtfully designed with adjustable mattress heights and protective teething rails, it ensures both comfort and safety for your little one. As your child grows, the Jakarta Cot easily transforms into a toddler bed or day sofa, creating a cozy space for sleep or relaxation well beyond the cot years.

- Designed to grow with your little one, this cot easily converts into a toddler bed and a sofa – suitable from birth up to around 5 years.
- The simple, modern style with clean lines makes it a lovely fit for any nursery.
- Made from strong MDF with a 2-position mattress base to keep your baby safe and snug at every stage.
- When it's time, the cot converts into a toddler bed and then into a handy sofa bed, giving years of use.
- Fits a recommended mattress size of 1310mm x 760mm.
- Delivered flat-packed, ready for easy assembly at home
