

The Waves Cot combines smooth lines, a crisp white finish, and modern metal legs to create a calming centerpiece for your nursery. Inspired by the natural beauty of the beach, its gently wavy ends echo the movement of the ocean, adding a unique touch of coastal charm. Designed with versatility in mind, it features adjustable mattress heights for both comfort and safety as your little one grows. When the cot stage is over, the Waves Cot easily converts into a toddler bed or day sofa, providing a cozy space for rest and relaxation well beyond the early years.

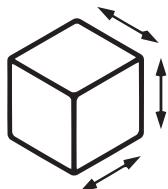

- Built to grow alongside your child, this cot seamlessly transforms into a sofa and a toddler bed – suitable from newborn through to around 5 years.
- Its sleek, modern design with clean lines makes it a stylish addition to any nursery.
- Crafted from durable MDF, it features a 2-position mattress base to keep your baby safe and comfortable at every stage.
- As your child grows, the cot converts first into a toddler bed, then into a practical sofa bed – offering years of versatile use.
- Designed to fit a recommended mattress size of 1310mm x 760mm.
- Delivered flat-packed for convenient transport and easy home assembly.
