

Discover the egg Sky® - the ultimate premium travel stroller designed for families who never compromise on style, comfort or performance. Part of the iconic egg® family, the Sky combines the elegance and innovation egg® is known for with the freedom and convenience of travel-ready engineering.

With its IATA cabin-approved design* and lightweight nature (8kg), the egg® Sky is ready for take-off – folding effortlessly with one hand into a compact, self-standing unit that's ideal for travel and storage. A discreet carry handle makes transitions seamless, while lockable, front swivel wheels and all-round suspension ensure a smooth ride on every surface.

Built for comfort from day one, the egg® Sky features an adjustable seat back with lie-flat position, making it suitable from birth to 22kg. The seat includes a large ventilation window, one-hand adjustable calf rest, while the easy-to-adjust harness with presenting shoulder pads and a five-point magnetic buckle make securing your little one simple, safe and intuitive.

The extendable canopy offers UPF 50+ sun protection and includes a ventilation panel. For practicality, a rear storage pocket and large 3kg shopping basket provide ample space for on-the-go essentials.

Signature egg® styling runs throughout – from sleek curves and egg-shaped tyre tread to the hand-stitched leatherette handlebar (105cm high) and removable, gated bumper bar. Every detail has been carefully considered for modern parents who value both form and function.

Wherever you're headed, the egg® Sky ensures you get there in comfort, with style – and with ease.

*IATA cabin-approved – please check with your airline before travelling.

egg Sky® Apron

The egg Sky® Apron attaches seamlessly to the bumper bar, providing added protection from the elements while keeping your little one comfortable on the go.

Key Features:

- **Weather Protection:** Provides extra coverage and shielding from wind and cold elements.
- **Seamless Fit:** Attaches directly onto the stroller's bumper bar for a secure hold.
- **Comfort:** Helps keep your child cozy during strolls before transitioning to a footmuff

egg Sky® Travel bag

Key Features

- **Design:** Tailored specifically to fit the folded dimensions of the egg Sky stroller (measuring approximately 50 cm x 50 cm x 20 cm).
- **Portability:** Includes a smooth zip closure, sturdy top carry handles, and a long, adjustable shoulder strap for hands-free carrying.
- **Protection:** Helps shield your lightweight stroller from scratches, dirt, and airline handling damage while on holiday or during weekend trips
